# CIRQUE SURREAL™

## CIRQUE SURREAL

A world apart from any circus you may have seen. Cirque Surreal is a dynamic fusion of traditional circus skills, modern dance, drama, humour and storytelling.

Defining Internationalism as seen through the eyes of a storyteller of the country the circus is performing in. A modern fable that touches on the plight of the dispossessed, who find themselves there for no fault of their own.

Featuring artistes representing various countries and continents of the world, each one bringing something of their culture, be it music, dance or costume to the performance, in a story of acceptance and the need to belong...for we all can be outsiders.

The Performance can be adapted for the language and the culture of the country where the show is being performed

## Ice Shows

Very few sights are spectacular as the vast shimmering whiteness of 250m<sup>2</sup> of real ice! All the more breathtaking when created on a 'green field' or 'desert sand' site. We have the technology and unequalled experience of bringing lavish and brilliantly choreographed ice shows to implausible locations. When the Hong Kong Government wanted to stage their first Euro Christmas Festival - they turned to us to provide the family entertainment at the heart of the event - the spectacular Ice Show "The Twelve Days of Christmas" Strong corporate branding woven into the fabric of the show provided a high and ever present sponsor identity. From arena's to theme park's, shows can be costumed and choreographed to incorporate client's character, products or corporate branding. Full Ice shows can be produced to your requirements to make a sensational centrepiece for any event.

## Cultural sensitivities

Working with clients from across the world we have become experienced in the sensitivities of various cultures. We are able to adapt our shows to accommodate this, be it with changes of costume to respect modesty, or for a full production of one of our shows with an all male cast. With our connections across the world and portfolio of artistes, we were able to stage not only the Chinese State Circus, but the Bolshoi on Ice as well as the Gandey's International Circus with a completely male cast for Jeddah, Saudi Arabia
